

The Upside Down

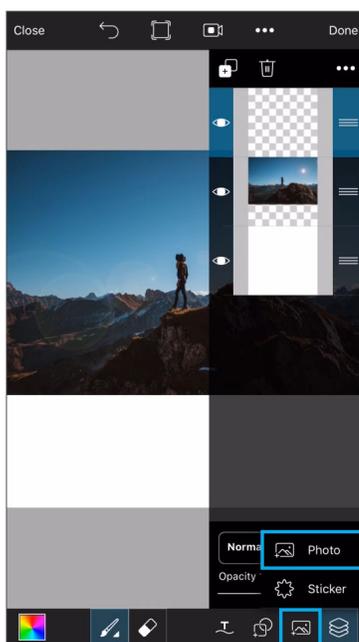

Step 1: Open a blank canvas in Draw. Tap on the Add icon and select "Photo." Select your first picture.

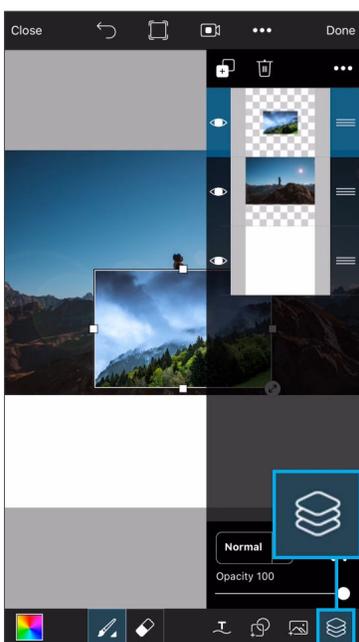

Step 2: Drag the corner of the picture to enlarge it and place it on the top half of your canvas. Tap on the layers icon to open the layers drawer.

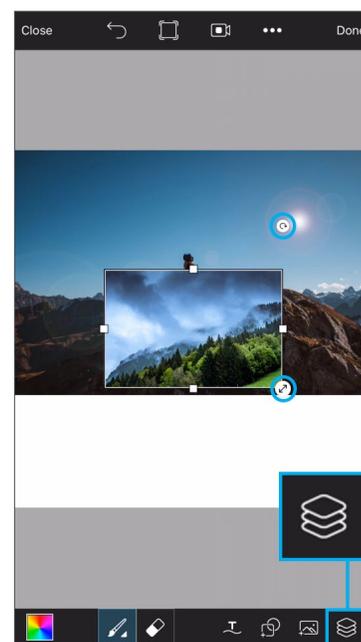

Step 3: Tap on the plus sign and select "Empty Layer."

Step 4: Tap on the Add icon and select "Photo" again. Open your second picture.

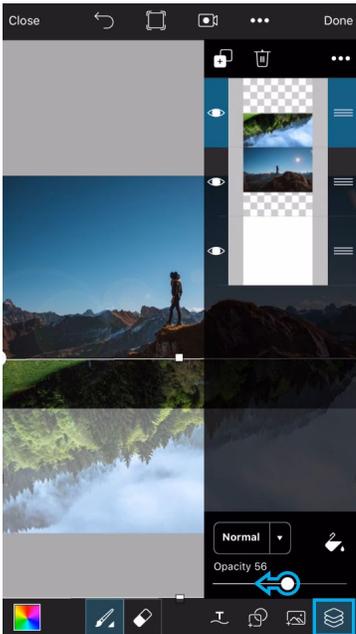

Step 5: Close the layers drawer.

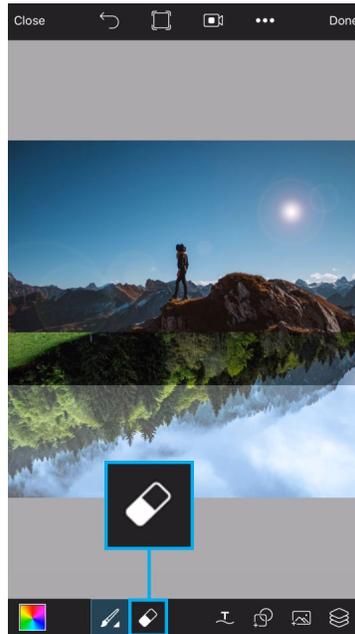

Step 6: Use the arrow icons to rotate and enlarge your photo and place it on the bottom half of your canvas. Open the layers drawer.
